

EQUIPMENT OVERVIEW

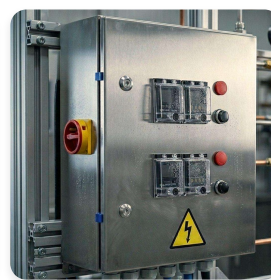

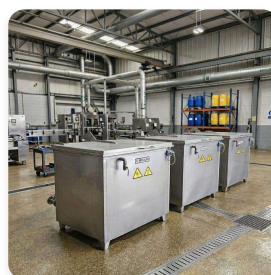

Water or brine cookers (cooking vats) featuring a vertical opening design and pneumatic door mechanism. Built entirely from AISI 316 stainless steel, ensuring efficient performance through digital control and indirect steam heating.

TECHNICAL FEATURES

- ✓ **Machine type:** Water or brine cooker battery
- ✓ **Temperature control:** Digital controllers
- ✓ **Opening:** Vertical with pneumatic system
- ✓ **Construction material:** Inox AISI 316
- ✓ **Heating:** Indirect steam

Optional Equipment:

- Touch screen control with analog inputs

TECHNICAL TABLE

Parameter	Specification
Model	MC CE/AN
Opening	Vertical
Door opening	Pneumatic
Temperature control	Digital / Analog
Power supply	380/440 V — 50/60 Hz
