

1.1 Warranty and prevention of damage

Please read the operating instructions thoroughly before putting the machine into operation.

The operating instructions contain information about the proper use of and care for our products and will help preventing any breakdown of operations.

Marel Salmon disclaims any liability in connection with electrical installations made by the user, erroneous operation, incorrect use, constructional changes, removal of protective devices as well use of unoriginal spare parts and accessories.

In these cases, the user acts on his own behalf. If, in such a case, any damage occur, the user will be responsible.

No warranty claim can be made in case of natural wear and tear.

The user must have read and understood these operating instructions before operating the machine.

Do not use the machine for processing frozen fish

Only trained/qualified employees may operate the machine

Inexpert handling of the machine may damage it and invalidate any warranty or service agreements

Do not attempt to open the electric control boxes

Do not attempt to bypass any safety components on the machine

1.2 Specifications

Length	3600 mm
Width	2350 mm
Height.....	1600 mm
Weight.....	approx. 780 kg

Motor output, motor for turning the roundtable(frequency inv).....	0.75 kW
Motor output, knives of deheader(frequency inv).....	0.25 kW
Motor output, knives to cut the neck(frequency inv)	0.55 kW
Motor output, tale cutter(frequency inv)	0.55 kW
Motor output, drive for in feed 50 Hz.....	0,12 kW
Motor output, drive for in feed 60 Hz(US)	0,14 kW
Main frequency.....	50/60 Hz
Main	3x400V + N/PE
Fuses	max. 16 Amp.

Capacity	Ca. 15 stk/min
Salmon size.....	2 - 7 kg

At the sites, the energy equivalent, A-weighted sound pressure
has been measured to 70dB(A) - 85dB(A)
