

GENERAL

ATTENTION!

This machine has been designed for the processing of animal meat in the meat industry.

(Exemple: derinding of pork, skinning of pork, beef, fish and poultry).

THERE ARE WARNING AND INFORMATION STICKERS FIXED ON EACH MACHINE. IF THESE STICKERS HAVE BEEN REMOVED DUE TO THE INFLUENCE OF WEATHER, TEMPERATURE AND DIRT, THEY AGAIN HAVE TO BE ORDERED WITH MAJA !

ATTENTION!

This manual has been designed to assist all persons who work at or with the machines.

This symbol is used for identifying all important information and safety instructions. It is very important that these instructions be observed if the machine is to operate smoothly and if work is to be performed safely.

This manual is supplied with every machine.

Further copies for all persons who are responsible for installing, operating, cleaning, maintaining or repairing this machine can be obtained from the following address (further address see page 23):
